#### **SKILLS**

**Programming Languages:** C, C++, C#, Java, JavaScript, Python, PHP

Technologies and Frameworks: Django, Laravel, Svelte, React, Node.js, Express.js, Flutter, Android Studio Cloud and CI/CD: AWS (EC2), Azure, GitHub Workflows, Jenkins, Jira, Docker, Git, Postman, Nginx, DNS Records, Google Search Console

Soft Skills: Problem Solving, Team Collaboration, Time Management, Adaptability, Critical Thinking.

**Areas of Interests:** Web Development, DevOps, Software Development, Information Security, Cloud Servers, Deployment.

#### **EXPERIENCE**

## Front End Developer Euphoria

Jul 2024 - Sep 2024

# Technologies Used: JavaScript, TailwindCSS, SvelteKit

• Developed a responsive, dynamic frontend for Euphoria, a national level fest organized by Rajagiri College's Computer Science Department.

## Back End Developer Intern La Ilavaraz

May 2024 - Jul 2024

# Technologies Used: Python, Django, Postman, Git, Docker, Jira

• Gained hands-on experience with Python and Django, contributing to a project that reduced backend processing times by 30% and refined teamwork skills through active participation in project modules and meetings.

## PERSONAL PROJECTS

## **Attendance Verification System**

# Technologies Used: MongoDB, ExpressJS, ReactJS, NodeJS, MySQL, JWT Tokens, Docker

• Developed a comprehensive attendance management system featuring a modern interface, Excel data handling capabilities, and an admin panel for overseeing courses, timetables, and attendance records, designed to enhance efficiency in tracking college-wide attendance.

## Online Camera Store

#### Technologies Used: Django, RestFul APIs

• Created an internal web application for managing customer orders, billing, and inventory with an integrated custom admin module to streamline operations and improve staff efficiency.

## **EDUCATION**

## Master of Computer Application - 80.85%

2023 - 2025

Rajagiri College Of Social Sciences

## **Bvoc Professional Accounting and Taxation - 79.7%**

2020 - 2023

St. Albert's College Autonomous

#### **ACHIEVEMENTS**

## Excel 2023 - Model Engineering College Thrikkakara

Mar 2024

Secured 3rd place in the BinaryBaton coding event, a team-based competition requiring strategic problem-solving with a round-robin format.

#### ACCOMPLISHMENTS

## Event Management and Web Development

August 2024

Co-organized the PG Coding Event at Euphoria, a national level fest at Rajagiri College of Social Sciences. Led the frontend development of the event website, delivering a seamless user interface.
